

First Aid for School Staff

Be Prepared

This one day course will provide knowledge and skills to enable your school staff to deal with the most common injuries and medical conditions, in relation to the students attending your school. It does not replace your requirements under the HSE requirements for first aid in the work place.

This one day course is designed to be delivered at your school, on staff training days and during other times at your convenience

Course Duration

This course is delivered over six hours. We can be flexible with our delivery to meet your school's needs, and deliver the training at a time and venue that suits you. Please see our In-house options for further details.

What's Covered

- ✦ Incident Management
- ✦ Primary Survey
