

QA Level 2 Award in

Health and Safety in Health and Social Care (RQF)

1 day course

Ofqual regulated

Refresher training recommended every 3 years

Course Overview

The **QA Level 2 Award in Health and Safety in Health and Social Care (RQF)** is ideal for those who work directly with patients or clients in a health and social care setting, such as hospitals, care homes and day care centres.

This regulated and nationally recognised qualification is specifically designed to develop candidates' awareness of health and safety in a health and social care environment, to help ensure that they are keeping themselves, and the people they care for safe.

Over a 1 day period, candidates will cover a variety of topics including the standards for health and safety welfare in a health and social care environment, risk assessments, identifying and controlling hygiene hazards, personal hygiene and more!
