

# First Aid for School Transport Providers

## Be Prepared

Many transport providers are required by their commissioners to ensure that those who deliver their services on their behalf, have the appropriate first aid training to deal with any emergency first aid situation within their specific environment and for those who they are providing transport to. This course will ensure that you meet these requirements to have suitable, highly trained personnel.

This three-hour course covers a wide range of first aid related situations and emergencies, enabling all participants to deal with these situations confidently and in a prompt, safe and effective manner.

### Course Duration

This course is delivered over three hours. We can be flexible with our delivery to meet your business needs and deliver the training at time and venue that suits you. Please see our In-House options for further details.

## What's Covered?
